

REMARKS

Upon entry of this Response, claims 1-9 and 14-18 remain pending in the present patent application. Claims 15-16 have been amended to correct claim informalities, and to advance prosecution of this application, claims 10-13 have been cancelled, as discussed in more detail below.

The Office Action interpreted the application as containing claims directed to the following patentably distinct inventions:

- I: Claims 1-9 and 14-18 drawn to a color display device; and
- II: Claims 10-12 drawn to a method of manufacturing a color display device.

Applicant respectfully elects without traverse to pursue claims 1-9 and 14-18 in the present application, corresponding to claim Group I. The Office Action notes that the Preliminary Amendment filed on July 25, 2006 by Applicants inadvertently omitted claim 13 in the listing of the claims. However, the omission of claim 13 is rendered moot by the above election of claim Group I and the cancellation of claims 10-13.

Applicant expressly reserves the right to pursue the subject matter of all non-elected claims or cancelled claims (including previously presented claim 13) in one or more divisional applications. If the Examiner has any questions or comments regarding this response, the Examiner is encouraged to telephone the undersigned counsel of Applicant.

Respectfully submitted,

/arr/
